ERRATA

MRI-Demonstrated Outcome of Subchondral Stress Fracture of the Knee After Treatment With Iloprost or Tramadol: Observations in 14 Patients: Erratum

Due to an oversight, the Acknowledgment to be included as part of the above article published in the July 2008 issue of the Journal was inadvertently excluded. The Acknowledgment that should have appeared at the end of the article is as follows:

ACKNOWLEDGMENT

The study was funded by Bayer Schering Pharma AG, Berlin, Germany. Bayer Schering AG has had no influence on the interpretation of data and the final conclusions drawn.

This error has been noted in the online version of the article, which is available at www.cjsportmed.com.

We regret this oversight.
